**From sex tapes to freedom fighters in Syria and so much more, *Head First* is a series that exposes everyday people living extraordinary lives in hidden worlds.**

Welcome to the world of Internet love scams, celebrity sex tapes, Australian freedom fighters, people born in the wrong bodies, and Aboriginal teens living in the remote Northern Territory of Australia.

Armed with a mischievous sense of humour and a willingness to get involved in the action, Sabour Bradley (*Extreme Tourist: Afghanistan*) wants to take you inside those worlds, and the only way to do that is to dive in... *Head First*.

Dive in with him in SERIES ONE as he:

- Goes undercover to infiltrate the world of Internet love scammers and travels to Ghana to carry out a sting against a gang that rips off vulnerable internet-users.
- Becomes the manager of a celebrity wannabe and flies to Hollywood where his young client is tested by the lure of fame, lies and sex tapes.
- Follows an Australian nurse into war-torn Syria as she searches for her dead brother.
- Discovers what it's like to be born in the wrong body.
- Lives under rules imposed by the Australian Government in a remote Aboriginal community, and meets a generation of lost boys.

And in SERIES TWO, Sabour:

- Follows two Australian 'Stem Cell Tourists' overseas on their desperate search for a miracle cure.
- Puts his body on the line to test the legal (and maybe even illegal) drugs Australians are using to turn back time in anti-aging clinics and on steroid vacations.
- Goes undercover with a team trying to save children from exploitation in Cambodian orphanages.
- Joins an Australian-led anti-poaching unit defending the critically endangered Black Rhino in Africa.
- Jumps into Australia's porn addiction epidemic and investigates how it's destroying relationships across the country.

*Head First* is a close-up and colourful look at compelling characters and stories happening in the world right now.
